2014/2015 Entry-level Salary Information for Recent Graduates in Agriculture and Related Disciplines

Each year, participating agricultural colleges across the nation provide data to summarize entry-level salaries of recent graduates of their programs. The information is useful to help illustrate industry trends and provide appropriate baselines for both students and employers. The summary, which is coordinated by Iowa State University, includes information collected by career services offices from December 2014 and May 2015 undergraduates.
